5.12 Navigation restructuring

With the 5.12 update of Pascal, We introduced changes to our software's interface design. The changes applied to Pascal's interface will be introduced in this document. We believe it will make your usage of our software more intuitive, visually appealing & friendly in usage.

Personal account and environment settings

Personal account and environment settings have been separated to provide a clearer distinction between settings that are applied exclusively to your account, and those that affect Pascal environment.

Personal account settings can be found below your account name and are now accessible by selecting "Account settings". Otherwise, personal account settings have remained unchanged.
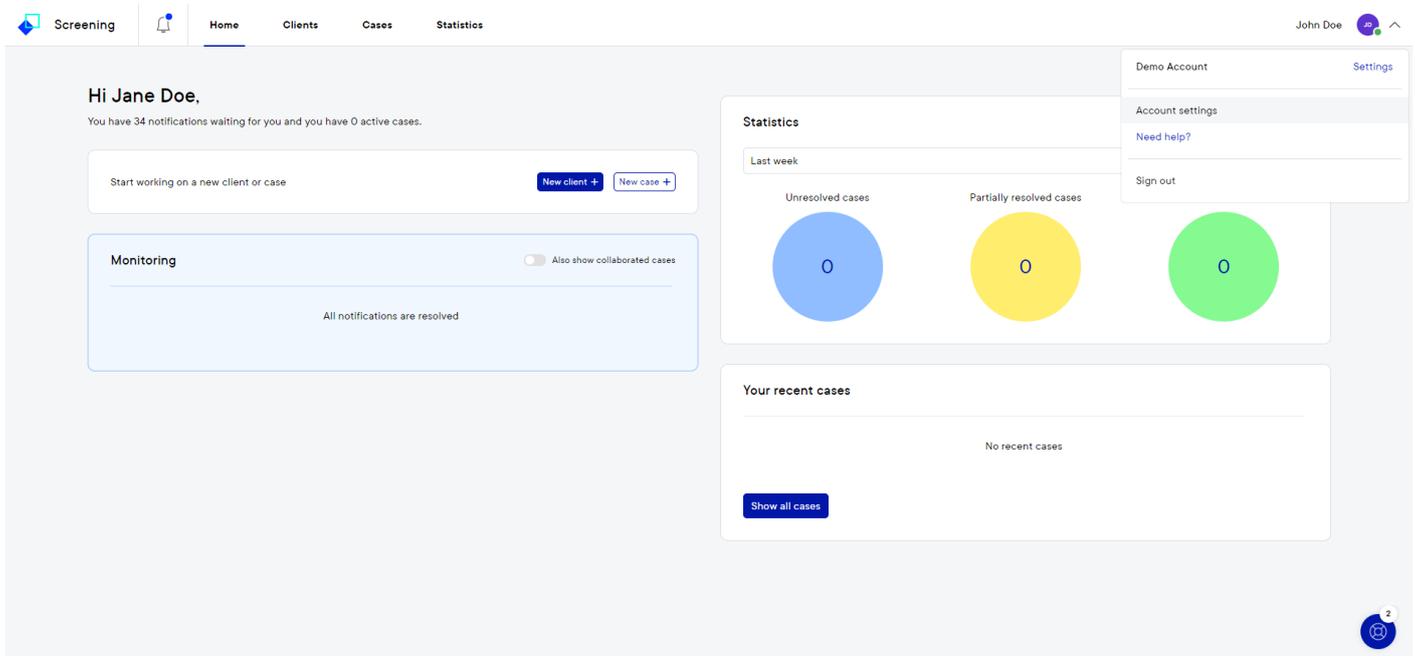

The settings related to Pascal environment can now be found under the name of your organisation's environment. You can access them by selecting "Settings". Settings related to the environment are grouped together below "Organisation", settings

related to Pascal screenings are grouped together below "Screening", and billing-related settings can be found under "Billing".
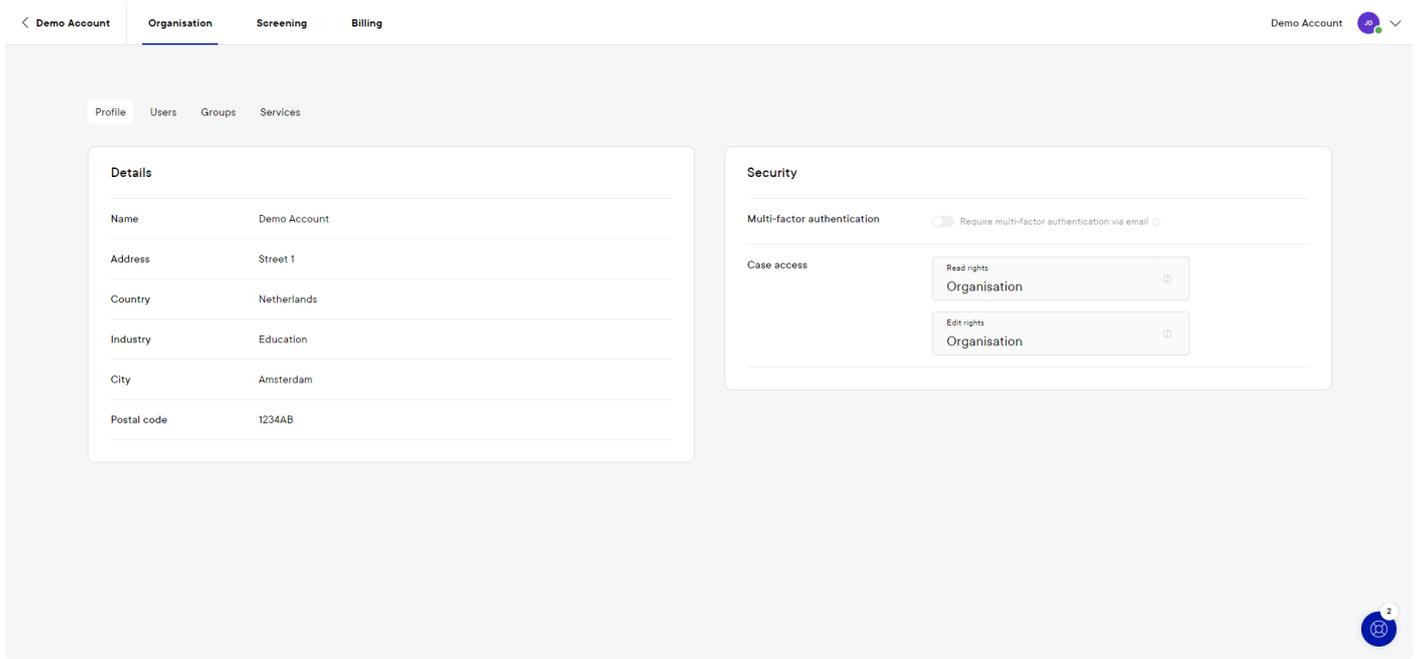

Need help using Pascal?

To open help section, select your organization's environment name in the top-right corner of the screen. Next, select "Need help?" to access resources available for self-help as well as our support team contact.

Should you have any queries or concerns regarding the navigation restructuring, please do not hesitate to contact us at pascal.support@vartion.com. Your feedback is important to us and we are here to assist with any inquiries.
